Crescent Heart Software assumes no liability for errors, or for any incidental, consequential, indirect or special damages, including, without limitation, loss of use, loss or alteration of data, delays, or lost profits or savings, arising from the use of this document or any product which it accompanies.

Crescent Heart Software's products are not authorized for use as critical components in life support devices or systems without the express written approval of the president of Crescent Heart Software. "Life support devices or systems" are devices or systems which support or sustain life, and whose failure to perform, when used properly in accord with instructions provided for use, can reasonably be expected to result in significant injury to the user or to others. A "critical component" is any component of a life support device or system whose failure to perform can reasonably be expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
